

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until 2 p.m. today.

Accordingly (at 12 o'clock and 5 minutes p.m.), the House stood in recess.

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. MITCHELL) at 2 p.m.

PRAYER

The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer: Gracious God, thank You for giving us another day.

We ask Your blessing of strength and perseverance that each Member might best serve their constituents and our entire Nation.

The debates and issues that dominate the legislative landscape, as always, are contentious and challenging. Many Americans are anxious to know what will come to pass.

Bless the Members of Congress with wisdom, equanimity, and good will as they struggle to find solutions that might unite rather than further divide our Nation. We know this is a lot to ask, but grant also to all Americans increased faith and hope, virtues most in need in these difficult days, that their Representatives might faithfully perform their appointed tasks.

May all that is done this day be for Your greater honor and glory.

Amen.

THE JOURNAL

The SPEAKER pro tempore. The Chair has examined the Journal of the last day's proceedings and announces to the House his approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentleman from Pennsylvania (Mr. THOMPSON) come forward and lead the House in the Pledge of Allegiance.

Mr. THOMPSON of Pennsylvania led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

CELEBRATING NATIONAL HOMEOWNERSHIP MONTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, June is National Homeownership Month, and it is a time when

we celebrate and recognize the many benefits of owning a home.

For generations of Americans, owning a home has been an essential element in achieving the American Dream. But since the Great Recession, we have seen homeownership rates drop to historic lows.

Young families often find themselves unable to save for a downpayment or to gain access to adequate credit. This is especially true for those in rural areas.

The United States Department of Agriculture places emphasis on helping rural Americans buy homes. USDA provides mortgage loan guarantees through partnerships with private sector lenders to help low- to moderate-income rural home buyers.

In 2016 alone, USDA worked with nearly 1,500 lenders to help 116,000 rural individuals and families buy homes. USDA has helped more than 4.1 million rural residents buy a home since the National Housing Act was passed 68 years ago.

Mr. Speaker, the benefits of homeownership have widespread benefits. Homeownership fortifies communities, creates jobs, and strengthens the local businesses that support our towns.

Thank you to USDA for your commitment to providing affordable housing for rural Americans. Happy National Homeownership Month.

CELEBRATING LGBT EQUALITY DAY

(Ms. DELBENE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DELBENE. Mr. Speaker, I rise today to celebrate LGBT Equality Day. Today, we mark the anniversary of landmark victories at the Supreme Court that moved our country toward one that is more fair, more equal, and more inclusive of all Americans, and we are a better, stronger Nation for it.

Each year, on June 26, we commemorate the decriminalization of loving LGBT couples, in overturning of the discriminatory Defense of Marriage Act, and now marriage equality in all 50 States.

But even as we celebrate this incredible progress, we must never forget the work that remains.

The LGBT community continues to face staggering rates of harassment and discrimination for who they are and who they love. I invite all my colleagues to stand with me on the right side of history. America is ready to take the next step forward.

So today, let's recommit to breaking down the barriers that remain in fulfilling the American promise of liberty and justice for all.

THE SUPREME COURT CAN SAVE US

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Mr. Speaker, why run for Congress when a single Federal judge can write a new law without having to get any votes for it?

Another Federal court recently decided that President Trump cannot set immigration policy, despite his having the clear authority to do so.

It is hard to believe this is happening in the United States of America where judges are supposed to interpret the law, not engage in partisan politics.

Our last hope now is with the Supreme Court. Surely they will remind other courts that their ruling should rest on the plain meaning of statutes, not on their personal views of the President.

That some judges ignore precedent and the Constitution is a clear and present danger to our democracy. If the Supreme Court does not strongly affirm that President Trump has the same rights as other Presidents, we will be witnessing the slow unraveling of our democratic form of government.

Based on their preliminary actions today, though, let us have confidence that the Supreme Court has the collective wisdom to guard and guide our great Nation.

HONORING TEJ MAAN, YUBA CITY CITY COUNCIL

(Mr. GARAMENDI asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GARAMENDI. Mr. Speaker, I rise today to honor Tej Maan, an upstanding citizen and council member in my district. Mr. Maan has been the director of environmental health in Yuba County since 1998, where he has created vital safeguards to protect the environmental health and well-being of the Yuba County community.

Additionally, Mr. Maan is a member of the Punjabi American Heritage Society, the California Conference of Directors of Environmental Health, and the Yuba City Chamber of Commerce. He is the host of a local television show called "Punjabi Waves," which features discussions and in-depth interviews on current events and issues in the Punjabi community.

Mr. Maan is also the founder of the first Sikh school in the United States, which is located in Yuba City. Tej's love for America and his selfless dedication to his community have made him a well-respected and treasured member of the Yuba City region. I offer my utmost appreciation and gratitude for Tej Maan's many contributions to society.

HIGHLIGHTING IMPORTANCE OF SECURE RURAL SCHOOLS PROGRAM

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, I rise today to highlight the importance of

the Secure Rural Schools program. In over 700 counties and 41 States, timber was once an economic engine, supporting tens of thousands of jobs while keeping critical government operations going strong in these communities that house tax-exempt Federal land.

However, in recent decades, restrictive forest management regulations, combined with devastating partisan environmental campaigns, has resulted in access to our Federal forests being cut off, blocking any economic activity opportunities.

Rural counties do not want to come to Congress every year to beg for money they should be getting to generate in their own backyards anyway. Money that should come from Federal and State land, though it may take up most of their county, now generates no economic value for them.

Reauthorizing Secure Rural Schools is very important and will provide, though not a permanent solution, at least a temporary one until we get back to the wise management of our Federal lands instead of watching them burn each fall, as we see in the news. We can't sit back and watch rural communities suffer until we wake up to that reality.

As Congress works to implement commonsense forest management policies, it is imperative we keep the Secure Rural Schools program in place so rural communities will have the funding for schools and roads that they need.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

VETERANS EXPANDED TRUCKING OPPORTUNITIES ACT OF 2017

Mr. GRAVES of Missouri. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 2547) to expand the Department of Veterans Affairs

medical professionals who may qualify to perform physical examinations on eligible veterans and issue medical certificates required for operation of a commercial motor vehicle, and for other purposes, as amended.

The Clerk read the title of the bill.

(c) *RULEMAKING.*—The amendments made by this section shall be incorporated into any rulemaking proceeding related to section 5403 of the FAST Act (49 U.S.C. 31149 note; 129 Stat. 1548) that is being conducted as of the date of enactment of this Act.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Missouri (Mr. GRAVES) and the gentleman from the District of Columbia (Ms. NORTON) each will control 20 minutes.

The Chair recognizes the gentleman from Missouri.

GENERAL LEAVE

Mr. GRAVES of Missouri. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative

days within which to revise and extend their remarks and include extraneous material on H.R. 2547, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Missouri?

There was no objection.

Mr. GRAVES of Missouri. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, the Fixing of America's Surface Transportation Act, or the FAST Act, created a process only for doctors at the Department of Veterans Affairs to qualify to perform physical examinations on eligible veterans and then issue the medical certificates that are required in order to operate a commercial vehicle.

H.R. 2547 would expand who is eligible for the process to all VA medical professionals as long as they are authorized by the State in which they are licensed, certified, and registered to perform physical examinations and they meet other requirements.

H.R. 2547 would ensure that the list of eligible medical professionals within the VA matches the list of eligible medical professionals that can become certified under the traditional FMCSA process.

This is a bipartisan bill. It is going to ease the regulatory burdens that help create employment opportunities for our veterans.

Madam Speaker, I would urge my colleagues to support H.R. 2547, and I reserve the balance of my time.

Ms. NORTON. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise in strong support of H.R. 2547. This bill is another of our efforts to help tackle the longstanding commercial driver shortage and support veterans at the same time as they transition from military to civilian life.

H.R. 2547 will ensure that all qualified medical professionals employed by the Veterans Administration can perform commercial driver physical examinations for their veteran patients.

The medical professionals that this bill addresses are already eligible to become certified medical examiners. This bill simply allows them to utilize the alternative certification process for VA-employed physicians that is currently being finalized by the Federal Motor Carrier Safety Administration.

Unfortunately, the most recent available data shows that, of the 54,000 medical professionals listed on FMCSA's national registry of certified medical examiners, only 25 are employed by the VA. The online training and testing system being developed by FMCSA and the VA should help remedy this situation. This bill will allow more caregivers to use this new resource.

This bill is consistent with the intent of the FAST Act, which was the product of a strong bipartisan process here in the House of Representatives. FMCSA, in consultation with the VA,
